

ECOFLUID P

Production of propylene-based heat transfer fluids for:

- Solar systems
- Geothermal systems
- Industrial cooling systems
- Chillers
- Cold rooms
- HVAC-R
- Cooling systems for winemaking
- Data center cooling systems

AVAILABLE PACKAGING:

- BULK/ISOTANK/FLEXITANK
- IBC 1.000 KG
- BARREL 220 KG
- CAN 20 KG/10 KG

COLORING: customized

TECHNICAL DATA:

- MONOPROPYLENE GLYCOL (MPG)
- CAS: 57-55-6
- EC: 200-338-0
- REGISTRATION NUMBER: 01-2110456809-23

INHIBITION TECHNOLOGIES:

- NAP free
- Organic technology
- Silanized organic technology
- Phosphates base technology for food & beverage

ECOFLUID E

Production of ethylene-based heat transfer fluids for:

- Solar systems
- Geothermal systems
- Industrial cooling systems
- Chillers
- Cold rooms
- HVAC-R
- Cooling systems for winemaking
- Data center cooling systems

AVAILABLE PACKAGING:

- BULK/ISOTANK/FLEXITANK
- IBC 1.000 KG
- BARREL 220 KG
- CAN 20 KG/10 KG

COLORING: customized

TECHNICAL DATA:

- MONOETHYLENE GLYCOL (MEG)
- CAS: 107-21-1
- EC: 203-473-3
- INDEX: 603-027-00-1
- REGISTRATION NUMBER: 01-2119456816-28

INHIBITION TECHNOLOGIES:

- NAP free
- Organic technology
- Silanized organic technology
